

Gut and Psychology Syndrome

A DVD presentation
by Natasha Campell-McBride, MD

What do Autism, Acid Reflux, Celiac's Disease, and depression have in common? These and many other symptoms are directly related to the health of your gut.

Dr. Campbell-McBride's revolutionary approach to healing the gut has brought relief to patients with a wide range of symptoms from gastrointestinal disorders to those with developmental disabilities.

In addition to the well published psychological and neurological disorders, there will be a wealth of information on autoimmune problems, allergies, asthma, eczema, MS, chronic fatigue syndrome, ME, fibromyalgia, arthritis, diabetes type one, chronic cystitis, chronic skin problems and many other physical conditions. A short introduction will help you determine if this program is right for you.
